# February 2022

What is my "Let's Get Loud" Strategy all about?

Sometimes the voices we hear on TV, in the newspaper, or on social media make it seem like our country is broken. I don't believe that's true. Our community deserves a voice of hope that proclaims loudly that our democracy can still work for the benefit of the people and denounce the hate and violence that has seeped into our local politics. I will be that voice.

And I know my voice will bring issues to the forefront that every voter might not agree upon, but I want everyone to understand that my goal is to ensure the issues that matter most will still have a voice in our elections going forward.

We may not win every battle, but we will lose the war if we don't offer an alternative to the people who want change.

So my battleplan for this November is getting loud! Because the louder we get, the more attention we'll get, and the more attention we get, the more hope we can generate for those who have tuned out.

# Volunteer Opportunities

We are currently building up our campaign infrastructure and our Volunteer Organizer, Carlene, will be in contact, by phone or email, with those who signed up on our website or petitions as interested to volunteer with the campaign. If you'd like to contact Carlene about becoming a volunteer, you can email her at [t.c.bartolotta@gmail.com](mailto:t.c.bartolotta@gmail.com).

## Canvassing Opportunities

What makes people vote for candidates? Well, research shows us that walking the neighborhoods and talking to people is the best way to connect with voters. Currently canvassing is being focused in Palm Bay to help Phil Moore win the special election in March, but the great canvassers from the Brevard Dems are also handing out our petition to get the ballot, so I highly encourage everyone to go to one of the canvassing days and help. I have, and I know I will be going to multiple of them so come out and join me!

We Will be distributing canvassing lists, powered by VAN, in order to get petitions signed and my name in the minds of everyone in our district soon.

We are also starting our phone and text banks, so if you like talking to the people of our district, either by call or message, we are definitely looking for volunteers to help us get our message across the district. If you do not know how to phone or text bank our staff would gladly be willing to help teach anyone how to become the best at both.
